

DC Sail Dock Location at Diamond Teague Park Piers (Please click on the links for information/maps.)

DC Sail – [Diamond Teague Park Piers, 99 Potomac Avenue SE, Washington, DC 20003](#)

Vehicle parking at our location can be difficult to find. We strongly recommend the use of public transportation, Metro (nearest station is Navy Yard/Ballpark on the Green Line,) or taxi/Uber/Lyft type service.

If you do drive, here are a few parking garage/lot options:

Please keep in mind these lots can fill to capacity and may not be available, especially during home games for the Washington Nationals and DC United. On those dates street and garage/lot parking is severely restricted and very expensive, if you can find a space. *Utilizing street parking on a Nats game-day may result in your vehicle being towed!*

1. *****Closed to public until baseball season***** Dock 79 Building – [79 Potomac Avenue SE, Washington DC 20003](#), pay to park in garage via the entrance located on side of building.
2. ParkMobile surface lot – [25 Potomac Avenue SE, Washington, DC 20003](#), there is a surface lot west of the Maren Residential building, but we do not have contact/name information for it. It is privately-owned and you use the ParkMobile app to park there.
3. Surface lot at The Yards Park – [First and N Streets SE](#), across from Nat's ballpark.
4. Former DC Water Building Parking Lot – [100 O St SE, Washington, DC 20003](#)
Occasionally, the DC Water Building has a public parking lot available at a flat rate. Usually it is around \$17/day. Typically only staffed M-F 9-5, so be sure to ask before paying if there are restrictions to be out by a certain time. Sometimes it is staffed on the weekends as well.
5. District Winery Parking Lot – [401 Water St SE, Washington, DC 20003](#), hourly and daily rates available. About a 10 minute walk along the river to our facility.

See below for a map referencing each of the above lots.
